	Audio track: Gangs		s of Downtown - A3 🗙 Gangs of Downtown - A4 🗙		
	SUISA category: Werbe		spot - Nur in einer Sprachregion		

- 1 Click "Refresh" to find all songs and sounds used in the project
- 2 "Identify" will automatically detect the title and artist if possible
- 3 Disable entries that do not have to be reported. Changes to the title, artist and duration can be made directly in the table
- 4 Filter here for the track used. If a SUISA category is specified, the SUISA charges can be calculated after saving
- 5 Save the current selection online in the SoundReport Cloud
- 6 After saving, the Pdf can be displayed for the declaration
- Hints 

  Online stored data can be edited further in the <u>SoundReport CloudPortal</u>
  - A Pdf can only be displayed after saving (Cloud data)
  - Permanent internet connection is recommended
  - Please do not hesitate to contact us at <u>soundreport@radynamics.com</u>
